LegalTech, FinTech, RegTech etc.: legal aspects of the use of digital technologies in business: multi-authored monograph / Lead Author and Science Editor M. A. Rozhkova. – Moscow : Statut, 2021. – 310 p.

ISBN 978-5-8354-1764-3

The authors of the monograph provide insight into legal aspects of the use of digital technologies, legally assess their constituents and interrelated objects, and consider the possibilities of commercial use of technologies from the legal perspective.

The monograph is published in 2021, which is proclaimed the Year of Science and Technology, in the IP & Digital Law series, founded by the IP CLUB, one of the largest expert and educational projects in Russia in the field of digital law and intellectual property law (<http://ipclub.in>).

The book may be useful for professors, postgraduates and students as an educational and practical guide, as well as for judges, litigators, and practicing lawyers in their practical activities.

TABLE OF CONTENTS

MONOGRAPH AUTHORIZING TEAM	9
LIST OF ABBREVIATIONS AND CONTRACTIONS	11
1. CONSTITUENTS OF DIGITAL TECHNOLOGIES IN THE LEGAL FRAMEWORK	13
